S.D. INTERNATIONAL SCHOOL, PANIPAT

A Unit of Shri S.D. Education Society (Regd.)

From the desk of Co-ordinator

Dear Parents and Little Learners,

The monsoon season has painted our days with raindrops, rainbows, and the joy of togetherness. This month, our tiny tots have splashed into learning with the same freshness that the rains bring to the earth. From exploring the wonders of nature to enjoying creative monsoon-themed activities, every day has been a shower of smiles, laughter, and discoveries.

Through poems, art, stories, and hands-on experiences, our children have celebrated the magic of the season — learning not just about clouds and puddles, but also about sharing joy and caring for nature.

As we close this month's chapter, let's carry forward the spirit of the monsoon — to refresh our minds, nourish our hearts, and bloom together. Wishing you many more colourful rainbows ahead!

Warm regards,

S.D. INTERNATIONAL SCHOOL, PANIPAT

A Unit of Shri S.D. Education Society (Regd.)

Monsoon Magic

At SD International School, our primary students enjoyed the Monsoon Magic with fun-filled activities like paper boat making, rain dance, and drawing rainy day scenes. Dressed in colorful raincoats, children learned about the monsoon season through stories, rhymes, and creative art, making learning joyful and memorable.

● Magical Monsoon Moments

Students of the primary wing at SD International School celebrated Monsoon Magic with great enthusiasm. They enjoyed rain-themed activities like singing monsoon songs, storytelling, and art sessions. Dressed in raincoats, they splashed in puddles and made paper boats, embracing the joy and beauty of the rainy season.

Rainy Season Theme of the Month

Hello little friends!

Do you know what season comes after the hot summer?

- Yes! It's the Rainy Season!

When does the rainy season come?

- The rainy season comes in July and August, after the summer.
- Dark clouds fill the sky, and it starts to rain!

What happens during the rainy season?

- The sky becomes cloudy and grey.
- We hear thunder and sometimes see lightning.
- It rains a lot! Water falls from the sky as raindrops.
- Puddles are everywhere, and children love to jump in them!
- Frogs come out and go croak croak!
- Peacocks dance happily in the rain.
- Trees, plants, and grass become fresh, clean, and green.
- Sometimes we see a beautiful rainbow in the sky!

What do we wear and use?

- We wear raincoats, gumboots, and carry umbrellas to stay dry.

What do we eat and drink?

- We enjoy hot soup, pakoras, and warm milk at home.

Rain, rain, come again,
Cool the earth and
water the plain.
Clouds go rumble, skies
turn grey,
Let's all jump and
splash and play!

Art Activities

To celebrate the joy of the monsoon season, our young learners from the Primary Wing enthusiastically participated in a range of engaging and creative activities under the theme **Monsoon Magic**. Each class showcased their imagination and fine motor skills through beautifully planned tasks:

- **Pre-Nursery:** Our little ones created charming boats using A4 size sheets, marking their first steps into the world of creativity.
- **Nursery:** Students designed and decorated colorful paper boats, learning the basics of shapes and folding.
- **Junior KG:** Children enjoyed an exciting origami session, skillfully folding paper to craft neat little boats.
- **Senior KG:** Using A4 sheets, students crafted boats with flair, expressing the magic of monsoon through their handiwork.
- **Class 1:** Budding artists brought vibrant umbrellas to life through a coloring activity that combined fun with artistic learning.
- **Class 2:** Students showcased their drawing and coloring skills by illustrating a "Raincoat Girl," reflecting the essence of the rainy season.

Raindrop Poem and Roleplay from Balvatika

The Rainy Day Adventure

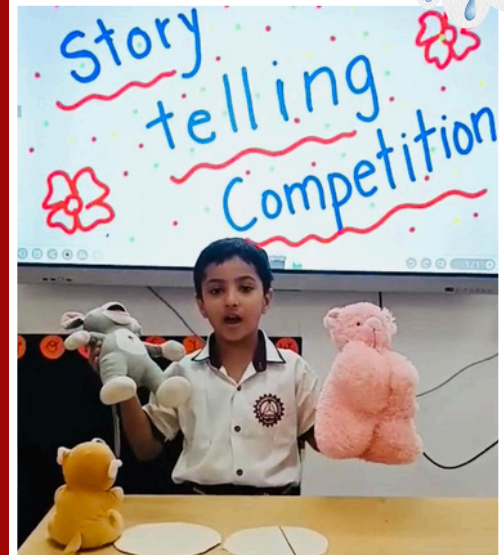

Once upon a time, in a small village, there lived a cheerful girl named Ria and her playful puppy Chiku. One hot summer afternoon, dark clouds started to gather in the sky.

Ria looked up and shouted, "Yay! It's going to rain!" Her grandma smiled and said, "Rain brings cool breeze and water for the plants!" Suddenly, plip-plop! The raindrops began to fall. Ria grabbed her colorful

umbrella and ran outside with Chiku wagging his tail behind her.

They jumped in muddy puddles, laughed loudly, and felt the cool rain on their faces. The trees danced in the wind, and the birds hid under leaves. Ria said, "Thank you, Rain, for watering the trees, filling our ponds, and giving us fun!" When the rain stopped, a beautiful rainbow appeared in the sky. "Look, Grandma! A rainbow!" Ria shouted with joy. Grandma said, "That's the magic of rain - it brings life, fun, and colors!" And from that day, Ria always waited happily for the rain - her favorite little madhur visitor from the sky.

Moral: Rain is a gift of nature. We should enjoy it and never waste water!

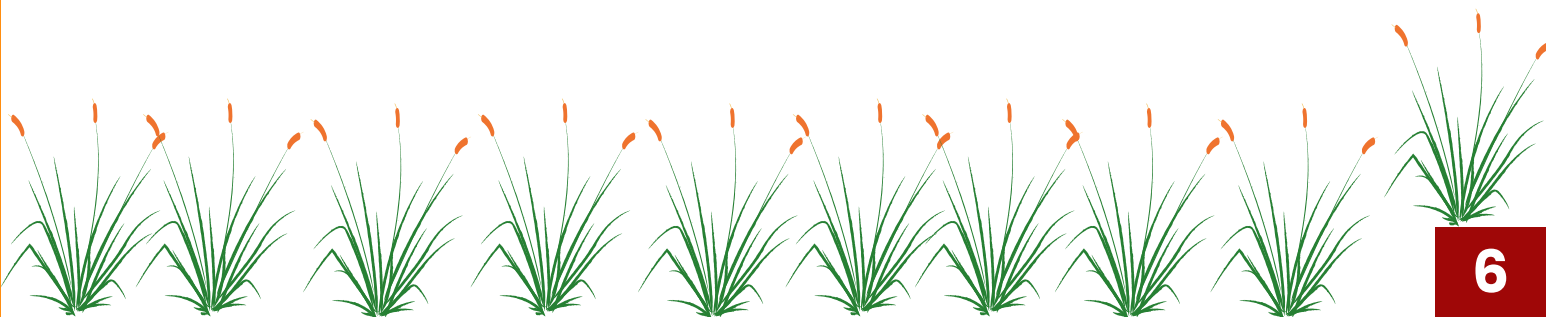

Nature Walk

The students of the primary wing of **SD International School** enjoyed a special visit to different parts of the school campus. During their visit, they learned how composting turns kitchen and garden waste into healthy soil.

They discovered that **composting** is just like recycling—but for food scraps, dry leaves, and garden waste! This process creates compost, a rich soil that helps flowers, fruits, and vegetables grow strong and healthy.

It was a fun and learning-filled experience where students understood how nature gives us a smart way to care for our environment.

Parenting Tips Turn Puddles Into Possibilities

Greetings Dear Parents

The monsoon is here, bringing cool breezes, cozy evenings, and of course, muddy shoes and sneaky sniffles! While children love the magic of rainy days, they also need a little extra care to stay healthy and happy.

Here are some thoughtful Monsoon Parenting Tips to help you turn rainy-day worries into wonderful memories.

Label your belongings

- Label the belongings to help your child identify their belongings .
- Keep an extra pair of socks and a dress.
- Use waterproof covers inside bags to keep books and notebooks dry.

Protection from Mosquitoes

- Use child-safe mosquito repellent patches, roll-ons or creams.
- Avoid outdoor play near puddles, plants, or stagnant water .

Light & Safe Food

- Serve light, fresh home food like khichdi, dal-rice, or soft chapatis with vegetables .
- Avoid junk food, especially street food, fruit chaat, and outside juices, as they may be made with dirty ice or unclean water which can lead to stomach infections.
- Include turmeric milk, seasonal vegetables and fruits in daily meals to boost immunity.

Fun Indoor Activities

- Keep children happily engaged with by making paper boats and going for a nature walk .(Limit screen time as much as possible.)

Light Morning Movement

- A few minutes of gentle stretching in the morning helps improve blood flow and makes your child feel active and fresh before school.

Proper Rest is Essential

- Children should sleep for at least 9 to 10 hours every night.

Gentle & Comforting Routine

- Spice up the cozy evenings with storytelling over hot & healthy snacks.
- "Memories last a lifetime". End with a sweet 'happy memory time' reminding them of something good from the day to build positive thoughts.
- In the rainy season, children need extra help to stay fresh, clean, and healthy. A few small daily habits can prevent common monsoon-related issues and keep them cheerful and comfortable.

Everyday Hygiene

- Good hygiene keeps infections away, especially during the rainy season.
- Teach your child to wash hands properly after using the washroom, before eating, and after outdoor play.
- Keep nails trimmed and clean to avoid dirt and germs.
- Encourage the use of a clean handkerchief while sneezing or coughing.
- After sweating (especially after play), gently wipe underarms with a soft damp towel to prevent rashes.
- Clean ears regularly using cotton ear buds (with adult help) to prevent wax buildup.

Body Care Routine

- Taking care of the body, skin, and hair is very important in the monsoon.
- Give your child a warm shower before bedtime to keep them relaxed and fresh.
- Use a gentle baby shower gel and follow it with baby oil or lotion to lock in moisture.
- Use a mild clarifying shampoo twice a week to keep the scalp clean and avoid lice or dirt buildup.
- A light moisturiser and a soft lip balm or chapstick help keep skin and lips soft and healthy.
- Most importantly, help your child feel fresh and smell good — this boosts their comfort and confidence in the humid weather.

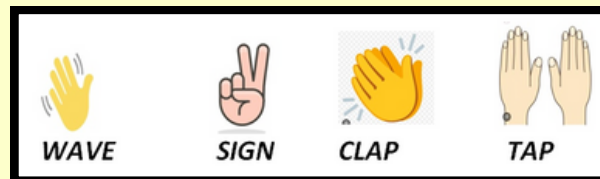

With these simple steps and a little extra care, we can keep our little ones happy, healthy, and smiling all through the monsoon.

Winner's Corner – Celebrating Excellence

"Every achievement begins with a dream, grows with dedication, and blossoms through perseverance. Our winners have shown that success is not an accident — it's the result of passion, practice, and a positive spirit. You inspire us to aim higher, work harder, and believe stronger. May this victory be the first of many milestones in your journey of excellence!"

Conclusion

"As we wrap up this month's journey of learning, laughter, and little victories, our hearts are full of pride for our tiny stars. Every smile, every step, and every curious question has been a reminder of the joy of growing together.

Balvatika is more than a classroom — it's a world where imaginations bloom, friendships blossom, and each child shines in their own special way. Let's carry this warmth into the coming days, ready for new adventures, fresh discoveries, and countless happy moments.

Until next time, keep smiling, keep exploring, and keep shining bright!"
